

#### KEY BENEFITS VOZILA

Engineered in Germany

Patented PowerFrame<sup>®</sup> grid for reliable starting power, fast recharge and corrosion resistance

Meets all original criteria of the commercial vehicle manufacturer

# PROMOTIVE SHD

# 640035076G502

## TEHNIČKI INFORMACIJE

|                             |               |                        |                    |
|-----------------------------|---------------|------------------------|--------------------|
| Kapacitet Baterije:         | <b>140 Ah</b> | Struja Hladnog Starta: | <b>800 A</b>       |
| Voltaža:                    | <b>12 V</b>   | Dimensions (L/W/H):    | <b>514/189/223</b> |
