

PROFESSIONAL DUAL PURPOSE AGM

840080080C542

KLJUČNA PREDNOST VOZILA

Designed for motorhomes

Designed for motorhomes, caravans and boats to run electrical equipment with moderate energy requirements

Dolga obstojnost: vse do štirikrat več ciklične stabilnosti, kot pri običajnih akumulatorjih z mokro tehnologijo (vse do 400 ciklov @ 50% DOD)

Minimal self-discharge

Minimal self-discharge makes it ideal for seasonal use

AGM technology for high rate discharge performance, plus superb shock and vibration resistance

Dual Power Applications

Ideal for dual power applications (can be used for both starting and overall energy supply)

PROFESSIONAL DUAL PURPOSE AGM
